\* These are the recommended semesters in which the students are suggested to fulfil the requirements. If the students follow this recommendation they will be able to finish their studies in the given length of the programme based on the qualification requirements. It is not obligatory but it provides moderate load for the semesters.

\*\* According to the time of the compulsory completion of the prerequisites we define two types of them. The strong prerequisites must be completed before registering for the given course (in this case the prerequisite must be completed in one of the previous semesters). The weak prerequisites may be completed in the same semester (but the marks in these courses must be obtained before taking the exam / obtaining the mark in the course whose prerequisites they are)

<sup>1</sup> It was accepted by the decision number XCII/2021. (VI. 30.) by the Senate of the ELTE.

<sup>2</sup> Every student has to obtain three modules completely in the first four semester of his/her doctoral studies from which two are the modules of common studies, the Theoretical and the Research Methodology Module, the third one is connected to the student's programme. The obligatory modules are listed in the resolution of admittance.

<sup>3</sup> To fulfil the requirements of the module the student has to obtain four courses. The student has to choose three from the given obligatory courses and one optional.

<sup>4</sup> As optional ones the students can choose from the courses of the Doctoral School of Education Science and the Doctoral School of Psychology

<sup>5</sup> The student has to obtain the module connected the programme that his/her resolution of admittance contain.
